

Joysticks

2 or 4 directions

75892

75893

70880

- Modern **total black design**, with glossy and matte finish
- **User-friendly interface** with simplified controls - just one button and a responsive 2 or 4 direction joystick, making navigation effortless for every user
- **Sleek unified body**, with no separate clip-on covers

- **Built-in status indication LEDs** for all tunnel & retractable thrusters, keeping your cockpit clean and stylish
- IP67-rated to withstand the harshest marine environments
- Shorter joystick knob design minimises accidental thrusts, ideal for sailing boats
- Sturdy metallic buttons with elegant LED rings
